We have been successfully organizing the Global Agriculture Festival from last 13 years. Millions of farmers from different countries and states participate in Global Agriculture Festival every year. In this, agricultural experts, Social organizations, experimental farmers and students have got a platform.

-  His Holiness Gurumauli has organized thousands of agricultural fairs throughout India via the Department of Agriculture, adapting to the changing times. The initiative continues to provide traditional farming, spiritual farming, as well as awareness about natural and chemical-free farming, alongside modern agriculture and technology to all farmers. This effort is still in progress.
-  Through Dindori Pranit Farmer Producer Company farmers are provided market access to toxin-free, adulterant-free, healthy produce under Satvik Krishidhan Brand.
-  Thousands of farmer representatives are working nationwide, offering training in low-cost on toxic-free farming through the Department of Agriculture.
-  The Global Agriculture Festival provides farmers with comprehensive information about agriculture, all under one roof.
